## **NEW Release "TRAINING THE WHOLE HORSE" DVD Is the Second in the "W" Holistic Horsemanship Series**

By Featured Trainer Missy Wryn

"W" Holistic Horsemanship methods take horsemanship to a whole new level of communication, trust and confidence between horse and rider by dispelling myths like "you can't let your horse get away with not getting it" on one side before you train the other side" and "horses need to be forced to learn by using discomfort and the use of exhausting repetition to get over fear". Training the Whole Horse DVD is the second release in the "W" Holistic Horsemanship series that provides in-depth training for all horse owners whether riding for pleasure, or Grand Prix. Training the Whole Horse DVD teaches the Four Core Emotional Concerns that every horse and human share which brings the rider's awareness and actions in balance with their horse's nature thus invoking the horse's natural instinct to recognize the rider/handler as the herd leader creating a safer and compliant relationship. "W" Holistic Joining® is a remarkable interaction between horse and handler that uses true herd language responses without round penning. Round penning causes a horse to look for an escape and creates exhaustion. "W" Holistic Joining® gains the recognition from the horse that the human is the herd leader within a short period of time without invoking fear or creating exhaustion. "Most horses don't even break a sweat with my method" Missy says. The Three Foundational Requirements are covered in-depth creating a safer companionship on the ground which translates under saddle. Every horse should learn the Three Foundational Requirements to be around humans; it is a profound safety issue which gains trust and a deeper companionship between horse and human. The next two releases of the "W" Holistic Horsemanship series are the Five Fundamentals that Translate under Saddle for a Safer Ride and IRON FREE Riding. The Five Fundamentals will be released in November and IRON FREE Riding by Christmas. "W" Holistic Horsemanship Series DVD's are distributed by the NH Center of Oregon and are available for retail with an SRP of \$29.95/each. To inquire about wholesale pricing call 1-866-821-0374 or email [Sales@HorseNatural.com](mailto:Sales@HorseNatural.com).
